Rental Assistance

**If you're having trouble paying rent,
there may be assistance available.**

Contact the rental property management immediately to let them know you are having an issue. Sometimes, the management may know of local assistance that is available, be able to work with you to develop a payment plan, or explore other options.

The U.S. Department of Housing and Urban Affairs (<https://www.hud.gov/>) provides housing support and uplifts communities. Find housing assistance, rent relief resources and more.

The federal Consumer Finance Protection Bureau also has a resource directory Find Rental Assistance Programs in Your Area | Consumer Financial Protection Bureau ([consumerfinance.gov](https://www.consumerfinance.gov)) (<https://www.consumerfinance.gov/coronavirus/mortgage-and-housing-assistance/renter-protections/find-help-with-rent-and-utilities/>).
